

### **VPN Solution for CISCO client**

What type of port you open is as important as what ports you open. Cisco PIX515FE firewall with VPN accelerator using ESP+IKE/IPSEC and the 4.04 vpn client.

The following are the ports that need to be opened.

tcp/udp ESP 50 50  
tcp/udp PPTP 1723  
tcp/udp RDP 3389 3389  
tcp/udp AH 51 51  
tcp/udp GRE 47 47  
UDP NAT-T 4500 4500  
UDP IKE/IPSEC 500 500
